Information for enrolling students

Why study Management?

Example study plans
What do Management professionals really do?

**You may be required to:**
- Examine the function of areas within an organisation and the duties undertaken by individuals
- Develop business strategies
- Implement new organisational systems
- Manage staff and allocate tasks
- Follow financial plans and budgets
- Organise and facilitate discussions with stakeholders

**What jobs can you get?**
- General manager
- Management consultant
- Retail manager
- And lots more!
Management – a great career choice

• Take on a leadership role within the public, private or not-for-profit sectors

• The Management major provides you with a comprehensive understanding of managing organisations effectively within different economic, social, political and legal contexts

• Following completion of foundational units, the major broadens into three study pathways where you will develop conceptual and practical skills in the areas of: Managing Organisations; Managing Operations and Business Processes; and Managing International Business
“One of the key roles I play is in the overseeing of STM (Sunday Times Magazine).

Being my second management role, I thoroughly enjoy it. As a manager you are required to be accountable for your actions, lead by example, involve people in the process, be prepared and professional at all times. I have learned through the experiences of others that you can only be a great manager if you have a plan and good strategic direction, stick to the plan and choose good people (both mentors and team members).”

- Christie Lori
How do I major in Management?

- As a degree specific major within the Bachelor of Commerce or Bachelor of Philosophy (Honours)

OR

- As a second major within any of UWA’s five undergraduate degrees

Management is often combined with the following majors:
- Engineering Science
- Finance
- Human Resource Management
- Marketing
- Work and Employment Relations

Remember – you can choose to combine Management with almost any other UWA major!
A typical full time first enrolment would be eight (8) units for the year (four units per semester); those students wishing to undertake Management as a degree-specific major within the Bachelor of Commerce; will need to undertake two (2) core level one units:

- MGMT1135 Organisational Behaviour
- MGMT1136 Management and Organisations

in addition to four (4) complementary units:

- ACCT1101 Financial Accounting
- ECON1101 Microeconomics: Prices & Markets
- MKTG1203 Marketing Management
- STAT1520 Economic and Business Statistics

The remaining two (2) units in your first enrolment as a full time student could be broadening units taken from outside the Bachelor of Commerce degree course

Broadening units and second major

If you choose to undertake a second major from outside the Bachelor of Commerce, the units you complete in a second major chosen from Arts; Science; or Design would satisfy the Category B broadening unit requirement of your degree and possibly the Category A requirement depending upon unit selection.

If you choose to undertake a second major offered within the Bachelor of Commerce you must complete four (4) broadening units chosen from any discipline outside the Bachelor of Commerce degree course, including at least one Category A broadening unit. You can view a full list of broadening units including Category A broadening units online via UWA undergraduate handbooks.
